say I never saw anything grow and have such beautiful green leaves as those in my balanced mixture of chemicals containing elements of plant growth in soluble form, so that roots of plants start feeding within a few minutes after they are put in the water boxes. When used in place of water it gives just the needed nourishment to your plants. If they are stunted and puny it will start them growing again. It will increase size of plants and flowers and add to their colors and fragrance.

With each package of Miracle Grow Nutrient Solution you will receive a packet of Vitamin B1 to supplement the Nutrient Solution and give an extra stimulus to healthy growth of your plants.

We have thousands of re-orders from customers who received a package of Miracle Grow with their Radio Offer and it helped them grow more plants than they could have. These re-orders come from practically every state in the U. S. and also from the Hawaiian Islands where customers reported wonderful results. They are growing all kinds of plants and also when used with vegetables, shrubs and plants already growing in garden.

Miracle Grow Nutrient with Vitamin B1 costs 25 cents postpaid or 5 packages for a \$1.00.
